

SCCA Fresno Chapter Meeting Minutes

June 17, 2026

Page 1

Meeting held on Zoom. Meeting called to order at 7:06PM.

Attendees: Dave Ruby, Mariah Douglas, Gary McDaniel. Blaine Jeschien, Paul Newton, Keith Bullock, Audrey Tan, Leon Weinroth

Roll call of directors and declaration of quorum. Dave Ruby and Mariah Douglas are present. A quorum has not been established.

President Report

James updated season points and PAX to event 8, thank you. It is good to see where everyone is halfway through the season now. Dave went to nationals for the first time with Josh Pinckney and had a great time. It was great to see so many of our club members there

Treasurer Report

June has been paid to the fairgrounds and paid for the sponsorship for the Coalinga Wings over Westside event.

Old Business

Venue Update: Provided Coalinga with more info including a safety plan and Coalinga met with the FAA on June 9th so our new possible date of finding out if we are approved is August. We could possibly race in Coalinga in September or October. We are leaning more to October since it is close to the Wings over the Westwide event they will have. We need to decide if our test event will be a points event or not. Some say yes due to the short season we currently have. Others say no due to the new location and distance from the current site.

New Business

'26 & '27 Dates: Since nathan isnt here we dont have an update on any more future dates at Fresno Fairgrounds

Timing Computers: the current timing computer is about 4 years old and slowly many of the keys are not working both on the keyboard and numpad. James Franks said he has to use a 2nd keyboard to actually be able to do things properly when auditing times. Audrey isnt sure what computer to get but she is estimating no more than \$1,500 hopefully for a new one possibly.

Event 9: 51 people are currently registered for this weekend but we need 60 for 3 run groups. We should get more registered before it closes. Possibly looking at 6 runs

Special shoutout to Bert Schneider for all the hard work he has been doing for the club. He picked up the trailer and delivered it on Friday, helped set up Friday night, did Tech alone Saturday & Sunday morning for event 7 & 8, worked the first run group, ran his car, then worked for the 3rd group and also used the Zamberti in between runs and before & after the event. He didn't have free time or rest for the events and was constantly working and helping out wherever needed. So thank you for everything you're doing Bert!

Concerns: We have been getting charged a lot of fees from the fairgrounds and we have a low amount of registrants as of late and we are no longer making a good profit from events now so we need to look into how to save more money for the club. Also we have more people helping us set up events and not enough people to help clean up when events are done and we need just as much help before as we do need after.

Upcoming Events: Sim has started a rally online which is very inclusive as you don't need a PC to do it and you can do it anytime in a 11 day window. The races have been really eventful and fun. If you can't race it is still worth it to watch the streams. We also have Rallycross coming up soon too. All this info can be found on our website or on social media.

Next Board Meeting- July 15, 2026 at 7PM on Zoom. **Meeting is adjourned at 7:52PM without objection.**
